

RIVER STONE SIDE TABLE

SKU: PHI4000RS

The River Stone Side Table is an accent table shaped like a rock that has an organic feel to it that brings a hint of softness to a space. The pebble-shaped side table will be a terrific addition to a loggia, a screened porch, or a lake house great room. It's made of composite so it's much easier to move around than real stone. The Roman Stone finish is formed with natural crushed stone, therefore each piece may vary in coloration ranging between light and dark tones. These differences come from the tint of the natural stones with which the finish is produced. Dimensions: W 24" x D 24" x H 24"
